SIGNATURE FORMULA

NATURAL VEGAN COMPLEX

Enriched with Coconut, Rice, Aloe and Pear, this luxurious blend of natural vegan ingredients delivers a healthy dose of active botanicals to return softness, shine and lustre to all hair types.

COCONUT OIL

Coconut Oil is a wonderful emollient which creates softness and suppleness in the hair and skin. Rich in natural Triglycerides and Lauric Acid, Coconut Oil has a natural affinity for hair proteins. Due to its low molecular weight and linear chain, it can penetrate effectively into the hair structure which enhances strength, elasticity, natural bounce and shine.

ALOE VERA

An intense hydrating extract which assists to create a hydration memory for the hair and skin. Calms and cools; soothes redness and skin irritation. Quenches dryness and dehydration in all hair types.

HYDROLYSED RICE PROTEIN

A highly nourishing protein which replenishes and conditions dry or damaged hair. Restores moisture and fortifies hair fabric; provides significant natural volume to fine or flat textures. Optimises strength, condition and shine in all hair types.

PEAR EXTRACT

Rich in vitamins, Carotenoids, Flavanols and minerals, Pear Extract provides strength and balance to all hair types. It increases the moisture content of the hair and skin and ensures optimum condition and hydration are achieved.

BOTANICAL ACTIVES

Our NAK Signature products are complimented by an abundance of powerful botanical extracts including Elderflower, Baobab, Agave, Quinoa and Indigo, and vitamins E and B5.

SULPHATE FREE

Featuring SLMI - a mild sulphate-free cleansing agent offering gentle yet thorough cleansing with a luxurious foam and residue-free rinse ability.

PARABEN FREE

Mild preservative-protection safeguards our formulations from possible bacterial contamination, providing shelf life stability and product protection. Expected shelf life 12-months opened and 36-months unopened.
